Clay Contracts Six Deputies from Jefferson County Sheriff's Department

Clay now contracts six deputies from the Jefferson County Sheriff's Department. Deputies started shifts on Saturday, March 4th. This is an increase from four deputies that were contracted in previous years.

"We are thankful to have the resources to contract deputies for our city. It ensures a police presence in our shopping areas and neighborhoods. We want our citizens and visitors to not only feel safe, but also see our deputies at work all around the city," said Clay City Manager, Ronnie Dixon.

Mayor Charles Webster is pleased with the notable progress in public safety. "With the addition of deputies, as well as our portable cameras, Clay is continually taking action to be safer for all those inside our city," he said. "Safety in our community is a major priority for us!"
